

College Station Neighborhood Traffic Calming Program
Evidence of Neighborhood Support Form

Thank you for your interest in the Neighborhood Traffic Calming Program. Registration for the engineering component of the program requires a completed petition. You must receive signatures from 20% of the residents that live within the study area to be considered. Projects will be selected based on scoring criteria and funding.

NEIGHBORHOOD / APPLICANT INFORMATION

SIGNATURES INDICATING NEIGHBORHOOD SUPPORT

By signing this form, we request the City of College Station to analyze and evaluate transportation conditions in our neighborhood. We recognize that Neighborhood Traffic Calming Program projects will be developed based on an analysis of conditions and community input, and will be prioritized based on the scoring criteria outlined in the guidelines of this program.*

In addition, a minimum of three residents must volunteer themselves on this form, by marking an 'X' in the rightmost column, to serve on the working group if this project is chosen by the City.

**Note that applicants that sign this form must live on the street of concern or within the neighborhood.*
